HELPING TO RAISE MONEY FOR NOMINATED LOCAL CHARITIES

50,000 thank you's!

Over the past five years, Furzedown's fundraising group FACE have raised an amazing £50,000 to help local causes affecting those close to us... **but we couldn't have done it without the fantastic support of friends and neighbours like you.**

We have held many events, including our popular FACE Quiz Nights, FACE Garden Gigs and The FACE Ball, as well as selling Heyland & Whittle products, bric-a-brac and plants at local events.

Money raised has gone to help local causes including St George's Hospital, South London Motor Neurone Disease Association, the Furzedown Project, the Furzedown Foodbank and training volunteer swimming coaches for Wandsworth's Disability Swimming Club.

And we're looking forward to more fundraising fun in Furzedown at this year's Christmas market and well into the future!

WE DID IT! the Chill-Out Room

FACE have helped St George's Hospital plan a much needed dedicated area for YOUNG PEOPLE WITH CANCER.

Thanks to the support of friends and neighbours, including FCN, Graveney School and individual donations - all the funds have been raised and work is about to begin to transform a staff room into a relaxing oasis for young people with cancer, as well as being a base for a specialist nurse (funded by Macmillan Nurses) who will provide support and therapeutic activities - which we are hoping to support in the future.

HERE'S HOW WE ARE SUPPORTING OUR LOCAL MNDA

We recently received this nice message from the South London Motor Neurone Disease Association, detailing some of the items our donations have helped them to provide local people with MND.

Just so you know we recently assisted the installation of a stair lift, safety adaptations in the home, IT equipment which is essential as many people with MND lose their voice, providing a Clos-o-Mat, this is a personal hygienic piece of equipment which helps the person maintain their dignity and importantly their independence. These are just to name a few areas where YOU and we have helped people with MND in SW London.

You may think some of the items I mention should be provided by statutory services and you would be correct in that thinking but, and this is always the problem - Time, something people with MND don't generally have.

Thank you once again to you both and your wonderful FACE gang for your continued support, do know you really do make a difference.
